

DAS MÜLLTRENN-SPIEL

Hallo, wir sind **ZAK** und **FRITZ!**
Schön, dass Du uns gefunden hast.
Wir brauchen nämlich Deine Hilfe!

ZAK hat sich quer durch seinen
Kühlschrank gefressen und sein
Zuhause ausgemistet. Dabei ist
ganz schön viel Abfall entstanden.

**Jetzt müssen wir alles
sortieren, damit die starken
Sammel-Schnecken wissen, wohin
sie den Müll bringen sollen.
Sonst liegt er später überall in
der Natur herum und stört andere
Viere und die Menschen.**

WAS DU BRAUCHST!

- Buntstifte
- Schere
- Kleber

UND SO GEHT'S!

Schritt 1: Male ZAK und die Abfälle bunt an

**Schritt 2: Schneide Deine Bilder aus und überlege,
in welcher Tonne die Abfälle entsorgt werden müssen**

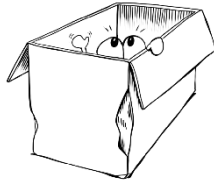

**Schritt 3: Klebe Deine Bilder auf den richtigen
Sortierbogen. Wenn Du Hilfe benötigst, schau Dir das
Entsorgungswege-Plakat an, frag' Deine Freunde,
Geschwister oder Eltern.**

**Schritt 4: Trage auf dem Sortierbogen den Namen der Schnecke ein,
die den Abfall später abholt. Die Namen findest Du auch auf dem
Entsorgungswege-Plakat.**

**Schritt 5: Schau im Lösungsbogen nach, ob Du die Abfälle richtig
sortiert hast.**
